

Annexe B

TABLEAUX DES RÉSULTATS

Tous les tableaux de l'annexe B sont disponibles en ligne

Annexe B1 : Résultats des pays et des économies

Annexe B2 : Résultats des régions au sein des pays

Données adjudgées

Les normes d'échantillonnage et de comparabilité internationale PISA ont été respectées, les données de ces régions ont été adjudgées au niveau international.

Données non adjudgées

Les normes d'échantillonnage PISA au niveau régional ont été évaluées par les pays concernés.

Dans ces pays, le respect des normes d'échantillonnage et de comparabilité internationale PISA a été évalué et adjudgé au niveau international uniquement pour les données de l'ensemble des régions du pays concerné.

Remarque : sauf mention contraire, l'ensemble des données présentées dans les tableaux ci-après proviennent de la *Base de données PISA* de l'OCDE.

ANNEXE B1

RÉSULTATS DES PAYS ET DES ÉCONOMIES

[Partie 1/2]

**Indice de plaisir de la lecture et performance des élèves en compréhension de l'écrit,
par quartile national de l'indice**

Tableau III.1.1 Résultats fondés sur les déclarations des élèves

| | Indice de plaisir de la lecture | | | | | | | | | | | | | | | |
|--------------------|---------------------------------|--------------|--------------|--------------|--------------|--------------|--------------------|--------------|--------------------|--------|-------------------|--------|--------------------|--------|--------------------|--------|

Remarque : les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).

1. La catégorie « Élèves lisant par plaisir » regroupe les élèves ayant déclaré lire par plaisir : durant moins de 30 minutes, entre 30 et 60 minutes, entre 1 et 2 heures, et plus de 2 heures par jour.

StatLink  <http://dx.doi.org/10.1787/888932382292>

[Partie 1/1]

Performance des élèves en compréhension de l'écrit, selon les différents types de lectures
Élèves ayant déclaré avoir les lectures suivantes par envie « plusieurs fois par mois »
ou « plusieurs fois par semaine »

Tableau III.1.6

[Partie 2/2]

**Indice de diversité des lectures et performance des élèves en compréhension de l'écrit,
par quartile national de l'indice**

Tableau III.1.10 Résultats fondés sur les déclarations des élèves

| | Score sur l'échelle de compréhension de l'écrit, par quartile national de l'indice | | | | | | | | Modification du score en compréhension de l'écrit associée à la variation d'une unité de l'indice | | Accroissement de la probabilité pour les élèves situés dans le quartile inférieur de l'indice de figurer dans le quartile inférieur de la répartition nationale des élèves sur l'échelle de compréhension de l'écrit | | Variance expliquée de la performance des élèves (r-carré x 100) | |

[Partie 2/2]

Indice de compréhension et de remémoration, et performance des élèves en compréhension de l'écrit, par quartile national de l'indice

Tableau III.1.14 Résultats fondés sur les déclarations des élèves

| | Score sur l'échelle de compréhension de l'écrit, par quartile national de l'indice | | | | | | | | Modification du score en compréhension de l'écrit associée à la variation d'une unité de l'indice | | Accroissement de la probabilité pour les élèves situés dans le quartile inférieur de l'indice de figurer dans le quartile inférieur de la répartition nationale des élèves sur l'échelle de compréhension de l'écrit | | Variance expliquée de la performance des élèves (r-carré x 100) | | |

[Partie 2/2]

Indice de stratégies de synthèse et performance des élèves en compréhension de l'écrit, par quartile national de l'indice

Tableau III.1.16 Résultats fondés sur les déclarations des élèves

| | Score sur l'échelle de compréhension de l'écrit, par quartile national de l'indice | | | | | | | | Modification du score en compréhension de l'écrit associée à la variation d'une unité de l'indice | | Accroissement de la probabilité pour les élèves situés dans le quartile inférieur de l'indice de figurer dans le quartile inférieur de la répartition nationale des élèves sur l'échelle de compréhension de l'écrit | | Variance expliquée de la performance des élèves (r-carré x 100) | |

[Partie 2/2]

Indice de stratégies de mémorisation et performance des élèves en compréhension de l'écrit, par quartile national de l'indice

Tableau III.1.20 Résultats fondés sur les déclarations des élèves

| | Score sur l'échelle de compréhension de l'écrit, par quartile national de l'indice | | | | | | | | Modification du score en compréhension de l'écrit associée à la variation d'une unité de l'indice | | Accroissement de la probabilité pour les élèves situés dans le quartile inférieur de l'indice de figurer dans le quartile inférieur de la répartition nationale des élèves sur l'échelle de compréhension de l'écrit | | Variance expliquée de la performance des élèves (r-carré x 100) | |

[Partie 2/2]

Indice de stratégies d'élaboration et performance des élèves en compréhension de l'écrit, par quartile national de l'indice

Tableau III.1.22 Résultats fondés sur les déclarations des élèves

| | Score sur l'échelle de compréhension de l'écrit, par quartile national de l'indice | | | | | | | | Modification du score en compréhension de l'écrit associée à la variation d'une unité de l'indice | | Accroissement de la probabilité pour les élèves situés dans le quartile inférieur de l'indice de figurer dans le quartile inférieur de la répartition nationale des élèves sur l'échelle de compréhension de l'écrit | | Variance expliquée de la performance des élèves (r-carré x 100) | | |

[Partie 2/2]

Variation de la performance des élèves en compréhension de l'écrit, selon leur engagement dans la lecture et leurs stratégies d'apprentissage
Résultats fondés sur les déclarations des élèves

Tableau III.1.26

| | Stratégies d'apprentissage | | | | | | | | | | | |

Remarques : les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3). Variables contextuelles des élèves : le sexe, l'ascendance autochtone ou allochtone, la langue parlée en famille et l'indice PISA de statut économique, social et culturel. Groupe 1 : lecteurs éclectiques et profonds ; groupe 2 : lecteurs sélectifs et profonds ; groupe 3 : lecteurs exclusifs et profonds ; groupe 4 : lecteurs éclectiques et superficiels ; groupe 5 : lecteurs sélectifs et superficiels ; et groupe 6 : lecteurs exclusifs et superficiels.

[Partie 2/2]

Indice d'utilisation de textes avec éléments non continus et performance des élèves en compréhension de l'écrit, par quartile national de l'indice

Tableau III.2.4 Résultats fondés sur les déclarations des élèves

| | Score sur l'échelle de compréhension de l'écrit, par quartile national de l'indice | | | | | | | | Modification du score en compréhension de l'écrit associée à la variation d'une unité de l'indice | | Accroissement de la probabilité pour les élèves situés dans le quartile inférieur de l'indice de figurer dans le quartile inférieur de la répartition nationale des élèves sur l'échelle de compréhension de l'écrit | | Variance expliquée de la performance des élèves (r-carré x 100) | |

[Partie 2/2]

Indice de lecture dans les cours de littérature et performance des élèves en compréhension de l'écrit, par quartile national de l'indice

Tableau III.2.5 Résultats fondés sur les déclarations des élèves

| | Score sur l'échelle de compréhension de l'écrit, par quartile national de l'indice | | | | | | | | Modification du score en compréhension de l'écrit associée à la variation d'une unité de l'indice | | Accroissement de la probabilité pour les élèves situés dans le quartile inférieur de l'indice de figurer dans le quartile inférieur de la répartition nationale des élèves sur l'échelle de compréhension de l'écrit | | Variance expliquée de la performance des élèves (r-carré x 100) | | |

Remarque : les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).

1. Différences entre le quartile supérieur et le quartile inférieur de l'indice PISA de statut économique, social et culturel (SESC).

StatLink  <http://dx.doi.org/10.1787/888932382292>

[Partie 1/2]

Ampleur de l'effet des différences entre les élèves autochtones et les élèves issus de l'immigration sur l'engagement dans la lecture et les approches à l'égard de l'apprentissage
Résultats fondés sur les déclarations des élèves

Tableau III.2.14

Ampleur de l'effet en faveur des élèves autochtones

Coefficient compris entre 0.2 et 0.5

Coefficient compris entre 0.5 et 0.8

Coefficient égal ou supérieur à 0.8

Ampleur de l'effet en faveur des élèves issus de l'immigration

Coefficient compris entre -0.2 et -0.5

Coefficient compris entre -0.5 et -0.8

Coefficient inférieur ou égal à -0.8

Remarque : les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).

1. L'effet total de l'indice SESC correspond à l'écart de score sur l'échelle de compréhension de l'écrit associé à la variation d'une unité de l'indice SESC, après contrôle du sexe, de l'ascendance autochtone ou allochtone et de la langue parlée en famille.

2. L'effet total selon les sexes correspond à l'écart de score sur l'échelle de compréhension de l'écrit associé au sexe féminin après contrôle de l'indice SESC, de l'ascendance autochtone ou allochtone et de la langue parlée en famille.

L'effet de l'indice SESC après contrôle de l'effet indirect du plaisir de la lecture et des stratégies de synthèse correspond à l'écart de score sur l'échelle de compréhension de l'écrit associé à la progression d'une unité de l'indice SESC, après contrôle du sexe, de l'ascendance autochtone ou allochtone, de la langue parlée en famille, du plaisir de la lecture et des stratégies de synthèse.

L'effet selon les sexes après contrôle de l'effet indirect du plaisir de la lecture et des stratégies de synthèse correspond à l'écart de score sur l'échelle de compréhension de l'écrit associé au sexe féminin, après contrôle de l'indice SESC, de l'ascendance autochtone ou allochtone, de la langue parlée en famille, du plaisir de la lecture et des stratégies de synthèse.

Remarque : le score observé sur l'échelle de compréhension de l'écrit correspond au score moyen sur l'échelle de compréhension de l'écrit des élèves pour lesquels les données concernant l'indice de stratégies de synthèse sont disponibles.

1. Par élèves issus de milieux socio-économiques favorisés, on entend les élèves situés dans le quartile supérieur de l'indice PISA de statut économique, social et culturel (SESC).

StatLink <http://dx.doi.org/10.1787/888932382292>

[Partie 1/1]

Performance théorique en compréhension de l'écrit des élèves issus de milieux socio-économiques différents dans l'hypothèse d'un indice de plaisir de la lecture équivalent à celui des élèves issus de milieux socio-économiques favorisés¹

Remarque : le score observé sur l'échelle de compréhension de l'écrit correspond au score moyen sur l'échelle de compréhension de l'écrit des élèves pour lesquels les données concernant l'indice de stratégies de synthèse sont disponibles.

1. Par élèves issus de milieux socio-économiques favorisés, on entend les élèves situés dans le quartile supérieur de l'indice PISA de statut économique, social et culturel (SESC).
StatLink <http://dx.doi.org/10.1787/888932382292>

[Partie 1/1]

Performance théorique en compréhension de l'écrit des garçons issus de milieux socio-économiques différents dans l'hypothèse d'un indice de plaisir de la lecture équivalent à celui des filles issues de milieux socio-économiques favorisés¹

Tableau III.3.9

| | Garçons situés dans le quartile inférieur de l'indice SESC | | Garçons situés dans le deuxième quartile de l'indice SESC | | Garçons situés dans le troisième quartile de l'indice SESC | | Garçons situés dans le quartile supérieur de l'indice SESC | |

Remarque : le score observé sur l'échelle de compréhension de l'écrit correspond au score moyen sur l'échelle de compréhension de l'écrit des élèves pour lesquels les données concernant l'indice de plaisir de la lecture sont disponibles.

1. Par élèves issus de milieux socio-économiques favorisés, on entend les élèves situés dans le quartile supérieur de l'indice PISA de statut économique, social et culturel (SESC).
