

Foreword

This 2011 edition of *Health at a Glance: OECD Indicators* presents the most recent comparable data on key indicators of health and health systems across OECD countries. For the first time, it features a chapter on long-term care.

This edition presents data for all 34 OECD member countries, including the four new member countries: Chile, Estonia, Israel and Slovenia. Where possible, it also reports comparable data for Brazil, China, India, Indonesia, the Russian Federation, and South Africa, as major non-OECD economies.

The production of *Health at a Glance* would not have been possible without the contribution of OECD Health Data National Correspondents, Health Accounts Experts, and Health Care Quality Indicators Experts. The OECD gratefully acknowledges their effort in supplying most of the data and qualitative information contained in this publication. The OECD also acknowledges the contribution of other international organisations, especially the World Health Organization, the World Bank and Eurostat, for sharing some of the data presented here, and the European Commission for supporting data development.

This publication was prepared by a team from the OECD Health Division under the co-ordination of Gaétan Lafortune and Michael de Looper. Chapter 1 and Chapter 2 were prepared by Michael de Looper; Chapter 3 by Michael Schoenstein, Gaëlle Balestat and Rebecca Bennetts; Chapter 4 by Gaétan Lafortune and Gaëlle Balestat; Chapter 5 by Gerrard Abi-Aad, Vladimir Stevanovic, Rie Fujisawa and Niek Klazinga; Chapter 6 by Michael de Looper and Marion Devaux (with a contribution from Lothar Janssen of the German Federal Ministry of Health); Chapter 7 by David Morgan, Rebecca Bennetts and Roberto Astolfi; and Chapter 8 by Jérôme Mercier, Margarita Xydia-Charmanta and Francesca Colombo. Statistical support was provided by Nelly Biondi. This publication benefited from comments and suggestions by Valérie Paris and Mark Pearson.
