

New Zealand / Nouvelle-Zélande

This chapter shows trade data between the New Zealand and individual partner countries and groups of partner countries. The data are broken down by imports and exports and presented in million US dollars. Methodological notes at the end of the chapter provide more information about the source, coverage and other relevant aspects of the data.

Ce chapitre comprend des données sur le commerce entre la Nouvelle-Zélande et les pays partenaires et groupes de pays partenaires. Les données sont ventilées en importations et exportations et sont exprimées en millions de dollars E-U. Les notes méthodologiques en fin de chapitre fournissent plus d'informations sur les sources et la couverture des données ainsi que d'autres informations pertinentes.

New Zealand

Million US dollars (monthly rates for years and quarters)

Methodological Notes

Direct Source:

Statistics New Zealand.

System of trade:

General trade.

Valuation:

- Imports: c.i.f.
- Exports: f.o.b.

Statistical territory:

Excluding Niue Island, Tokelau and Cook Islands.

Special remark:

Prior to August 1997, both imports and exports were recorded in the calendar month in which entries were processed by the New Zealand Customs Services. From August 1997, monthly exports statistics are being produced using the actual date of export. This change in methodology introduced a discontinuity in time series.

Exports made prior to 1 August 1997, but processed after that date have been included in the August 1997 month data to prevent them being excluded from trade statistics altogether.

In import, Trade with New-Zealand concerns re-imports.

In export, it concerns exports to Cook, Niue and Tokelau Islands.

Footnotes to tables

1. Including American Samoa, Guam, UN Trust Islands under US administration, other US Pacific Islands, and US Virgin Islands.

Notes méthodologiques

Source directe :

Statistics New Zealand.

Nature du commerce :

Commerce général.

Valeurs déclarées :

- Importations : c.a.f.
- Exportations : f.a.b.

Territoire statistique :

Non compris l'île Niue, les îles Tokelau et Cook.

Observation particulière :

Avant août 1997, les importations et les exportations ont été comptabilisées dans le mois où elles étaient enregistrées par le service des douanes néo-zélandaises. Depuis août 1997, la comptabilisation des exportations est faite à partir de la date réelle d'exportation. Ce changement méthodologique a introduit une discontinuité dans les séries.

Les exportations antérieures au 1^{er} août 1997, mais dont l'enregistrement est postérieur à cette date, ont été incluses dans les données du mois d'août 1997 afin qu'elles ne soient pas exclues des statistiques du commerce extérieur.

À l'importation, le commerce avec la Nouvelle-Zélande concerne les réimportations.

À l'exportation, cela concerne les exportations vers Cook, Niue et les îles Tokelau.

Notes relatives aux tableaux

1. Y compris les îles Samoa Américaines, l'île de Guam, les îles sous mandat de l'ONU administrées par les États-Unis, les autres îles américaines du Pacifique et les îles Vierges américaines.
