Annex B

LIST OF TABLES AVAILABLE ON LINE
The following tables are available in electronic form only.

Chapter 2 Are there qualities unique to teachers in high-performing countries and schools?

http://dx.doi.org/10.1787/888933740934

- Table 2.1 Student-teacher ratio in schools attended by 15-year-olds, 2006 through 2015
- Table 2.2 Student-teacher ratio in lower secondary schools
- Table 2.3 Student-teacher ratio in upper secondary schools
- Table 2.4 Fully certified teachers in schools attended by 15-year-olds
- Table 2.5 Fully certified teachers in lower secondary schools
- Table 2.6 Fully certified teachers in upper secondary schools
- Table 2.7 Class size in the modal grade for 15-year-olds, 2006 through 2015
- Table 2.8 School responsibility for selecting and compensating teachers, 2006 through 2015
- Table 2.9 School responsibility for selecting and compensating teachers, 2006 through 2015 (lower secondary schools)
- Table 2.10 School responsibility for selecting and compensating teachers, 2006 through 2015 (upper secondary schools)
- Table 2.11 Use of achievement data for school accountability, 2006 through 2015
- Table 2.12 Use of achievement data for school accountability, 2006 through 2015 (lower secondary schools)
- Table 2.13 Use of achievement data for school accountability, 2006 through 2015 (upper secondary schools)
- Table 2.14 Change in teachers’ salaries (2005-15)
- Table 2.15 Age distribution of teachers (2005 and 2015)
- Table 2.16 Social status of the teaching profession, teacher initial education, appraisal and feedback
- Table 2.17 Teachers’ views on school leadership
- Table 2.18 Variation in science performance between and within schools
- Table 2.19 Variation in student exposure to bullying between and within schools
- Table 2.20 Variation in the disciplinary climate in science classes between and within schools
- Table 2.21 Student and teacher characteristics associated with science performance
- Table 2.22 Student and teacher characteristics associated with student exposure to bullying
- Table 2.23 Student and teacher characteristics associated with the disciplinary climate in science classes
- Table 2.24 Student and teacher characteristics associated with students’ satisfaction with life
- Table 2.25 Teacher working conditions associated with science performance
- Table 2.26 Teacher working conditions associated with student exposure to bullying
- Table 2.27 Teacher working conditions associated with the disciplinary climate in science classes
- Table 2.28 Teacher working conditions associated with students’ satisfaction with life

Chapter 3 Can teacher sorting compensate for student disadvantage?

http://dx.doi.org/10.1787/888933740953

- Table 3.1 Variation in class size, by school characteristics
- Table 3.2 Variation in class size, by school characteristics and type
- Table 3.3 Students-teacher ratio, by school characteristics
- Table 3.4 Students teacher ratio, by school characteristics and type
- Table 3.5 Principals’ views on the lack of teaching staff, by school characteristics
- Table 3.6 Principals’ views on the lack of teaching staff, by school characteristics and type
- Table 3.7 Science teachers’ views on the lack of teaching staff, by school characteristics
- Table 3.8 Non-science teachers’ views on the lack of teaching staff, by school characteristics
- Table 3.9 Teacher absenteeism, by school characteristics
- Table 3.10 Teacher absenteeism, by school characteristics and type
- Table 3.11 Science teachers with a university degree and a major in science, by school characteristics
- Table 3.12 Science teachers with a university degree and a major in science, by school characteristics and type
- Table 3.13 Fully certified teachers, by school characteristics
- Table 3.14 Fully certified teachers, by school characteristics and type
- Table 3.15 Fully certified science teachers, by school characteristics
- Table 3.16 Fully certified science teachers, by school characteristics and type
- Table 3.17 Variation in science teachers’ teaching experience, by school characteristics
- Table 3.18 Variation in non-science teachers’ teaching experience, by school characteristics
Chapter 4  Who aspires to a career in teaching?

Table 4.1  Students who expect a teaching career, by student background
Table 4.2  Expectations of a teaching career among students who expect to work as professionals, by student background
Table 4.3  Performance in science, reading and mathematics, by career expectation
Table 4.4  Students who expect a career in teaching, 2006 and 2015
Table 4.5  Current teachers’ early career plans
Table 4.6  Students with missing information on three questions in PISA 2006 and PISA 2015
Table 4.7  Students’ indecision about their future career in PISA 2006 and PISA 2015
Table 4.8  Factors related to students’ expectations of a teaching career
Table 4.9  Factors related to students’ expectations of a career in teaching rather than another profession
Table 4.10  Relationship among teachers’ salaries, status of teaching profession, and students’ expectations of a teaching career
