

Annex B

LIST OF TABLES AVAILABLE ON LINE

The following tables are available in electronic form only.

Chapter 2 Are there qualities unique to teachers in high-performing countries and schools?

<http://dx.doi.org/10.1787/888933740934>

WEB	Table 2.1	Student-teacher ratio in schools attended by 15-year-olds, 2006 through 2015
WEB	Table 2.2	Student-teacher ratio in lower secondary schools
WEB	Table 2.3	Student-teacher ratio in upper secondary schools
WEB	Table 2.4	Fully certified teachers in schools attended by 15-year-olds
WEB	Table 2.5	Fully certified teachers in lower secondary schools
WEB	Table 2.6	Fully certified teachers in upper secondary schools
WEB	Table 2.7	Class size in the modal grade for 15-year-olds, 2006 through 2015
WEB	Table 2.8	School responsibility for selecting and compensating teachers, 2006 through 2015
WEB	Table 2.9	School responsibility for selecting and compensating teachers, 2006 through 2015 (lower secondary schools)
WEB	Table 2.10	School responsibility for selecting and compensating teachers, 2006 through 2015 (upper secondary schools)
WEB	Table 2.11	Use of achievement data for school accountability, 2006 through 2015
WEB	Table 2.12	Use of achievement data for school accountability, 2006 through 2015 (lower secondary schools)
WEB	Table 2.13	Use of achievement data for school accountability, 2006 through 2015 (upper secondary schools)
WEB	Table 2.14	Change in teachers' salaries (2005-15)
WEB	Table 2.15	Age distribution of teachers (2005 and 2015)
WEB	Table 2.16	Social status of the teaching profession, teacher initial education, appraisal and feedback
WEB	Table 2.17	Teachers' views on school leadership
WEB	Table 2.18	Variation in science performance between and within schools
WEB	Table 2.19	Variation in student exposure to bullying between and within schools
WEB	Table 2.20	Variation in the disciplinary climate in science classes between and within schools
WEB	Table 2.21	Student and teacher characteristics associated with science performance
WEB	Table 2.22	Student and teacher characteristics associated with student exposure to bullying
WEB	Table 2.23	Student and teacher characteristics associated with the disciplinary climate in science classes
WEB	Table 2.24	Student and teacher characteristics associated with students' satisfaction with life
WEB	Table 2.25	Teacher working conditions associated with science performance
WEB	Table 2.26	Teacher working conditions associated with student exposure to bullying
WEB	Table 2.27	Teacher working conditions associated with the disciplinary climate in science classes
WEB	Table 2.28	Teacher working conditions associated with students' satisfaction with life

Chapter 3 Can teacher sorting compensate for student disadvantage?

<http://dx.doi.org/10.1787/888933740953>

WEB	Table 3.1	Variation in class size, by school characteristics
WEB	Table 3.2	Variation in class size, by school characteristics and type
WEB	Table 3.3	Students-teacher ratio, by school characteristics
WEB	Table 3.4	Students teacher ratio, by school characteristics and type
WEB	Table 3.5	Principals' views on the lack of teaching staff, by school characteristics
WEB	Table 3.6	Principals' views on the lack of teaching staff, by school characteristics and type
WEB	Table 3.7	Science teachers' views on the lack of teaching staff, by school characteristics
WEB	Table 3.8	Non-science teachers' views on the lack of teaching staff, by school characteristics
WEB	Table 3.9	Teacher absenteeism, by school characteristics
WEB	Table 3.10	Teacher absenteeism, by school characteristics and type
WEB	Table 3.11	Science teachers with a university degree and a major in science, by school characteristics
WEB	Table 3.12	Science teachers with a university degree and a major in science, by school characteristics and type
WEB	Table 3.13	Fully certified teachers, by school characteristics
WEB	Table 3.14	Fully certified teachers, by school characteristics and type
WEB	Table 3.15	Fully certified science teachers, by school characteristics
WEB	Table 3.16	Fully certified science teachers, by school characteristics and type
WEB	Table 3.17	Variation in science teachers' teaching experience, by school characteristics
WEB	Table 3.18	Variation in non-science teachers' teaching experience, by school characteristics

...

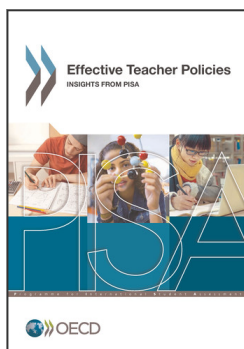

WEB	Table 3.19	Variation in science teachers' seniority in the school, by school characteristics
WEB	Table 3.20	Variation in non-science teachers' seniority in the school, by school characteristics
WEB	Table 3.21	Science teachers with a short-term contract, by school characteristics
WEB	Table 3.22	Non-science teachers with a short-term contract, by school characteristics
WEB	Table 3.23	Trained science teachers, by school characteristics
WEB	Table 3.24	Trained non-science teachers, by school characteristics
WEB	Table 3.25	Principals' negative views on the teaching staff, by school characteristics
WEB	Table 3.26	Principals' negative views on the teaching staff, by school characteristics and type
WEB	Table 3.27	Science teachers' negative views on the teaching staff, by school characteristics
WEB	Table 3.28	Non-science teachers' negative views on the teaching staff, by school characteristics
WEB	Table 3.29	Teachers not being well prepared for classes, by school characteristics
WEB	Table 3.30	Teachers not being well prepared for classes, by school characteristics and type
WEB	Table 3.31	Science teachers who participate in a network of teachers, by school characteristics
WEB	Table 3.32	Non-science teachers who participate in a network of teachers, by school characteristics
WEB	Table 3.33	Science teachers who mentor or coach other teachers, by school characteristics
WEB	Table 3.34	Non-science teachers who mentor or coach other teachers, by school characteristics
WEB	Table 3.35	Science teachers who talk informally with colleagues, by school characteristics
WEB	Table 3.36	Non-science teachers who talk informally with colleagues, by school characteristics
WEB	Table 3.37	Variation in non-science teachers' perceptions of the school leader as a transformational leader, by school characteristics
WEB	Table 3.38	Variation in non-science teachers' perceptions of the school leader as a transformational leader, by school characteristics and type
WEB	Table 3.39	Novice science teachers, by school characteristics
WEB	Table 3.40	Novice non-science teachers, by school characteristics

Chapter 4 Who aspires to a career in teaching?

<http://dx.doi.org/10.1787/888933740972>

WEB	Table 4.1	Students who expect a teaching career, by student background
WEB	Table 4.2	Expectations of a teaching career among students who expect to work as professionals, by student background
WEB	Table 4.3	Performance in science, reading and mathematics, by career expectation
WEB	Table 4.4	Students who expect a career in teaching, 2006 and 2015
WEB	Table 4.5	Current teachers' early career plans
WEB	Table 4.6	Students with missing information on three questions in PISA 2006 and PISA 2015
WEB	Table 4.7	Students' indecision about their future career in PISA 2006 and PISA 2015
WEB	Table 4.8	Factors related to students' expectations of a teaching career
WEB	Table 4.9	Factors related to students' expectations of a career in teaching rather than another profession
WEB	Table 4.10	Relationship among teachers' salaries, status of teaching profession, and students' expectations of a teaching career
